The Knights of Columbus invites all parishioners of Heatherton, Pomquet and St. Andrews Parishes to join with us in a Beverage container Deposit Refund Program. The money raised from collecting these refundables will be donated to The Fr. Andrew Gillies Colombian Orphanage Project.

The Wishing Wells group operated this collecting of refundables to help finance over 100 wells they constructed in developing countries. Since their project is now complete, they have offered this source of funds to us.

Our goal is to use the funds, raised from the sale of these refundables that you deliver to the parish garage in either Heatherton or St. Andrews, to donate to the Fr. Andrew Colombian Orphanage Project.

Fr. Andrew`s project in Colombia is known as The Emiliani Project. *Its goal is to rescue, house, educate and care for orphaned and abandoned children. However, their mission is to provide these children with what they really need - Love.*

The Emiliani Project has begun a Christian mission in the South American city of Medellin, Colombia, where they are working with a home of 170 children without families; and where they are building a new home to rescue 160 more orphaned and abandoned children from starvation, homelessness, drugs, violence and prostitution.

In Colombia there are over 100,000 children living in extreme poverty,(less than $1.25 per day). A child dies violently in Colombia every five minutes. Please drop off your refundables to us and contribute to this most Christian project.

Help Save The Children
